

March 13, 2017

Dear Friends of CSUN Systems & Operations Management,

We are pleased to invite you to our annual **Evening with Industry** event. This event will be on **Thursday, April 20** at the **Odyssey Restaurant in Granada Hills**. (See [map](#) for directions.) It is co-sponsored by the San Fernando Valley Chapters of the Association for Operations Management (APICS), American Society for Quality (ASQ), and the Los Angeles Chapter of the Project Management Institute (PMI).

At this event, our industry partners and practitioners representing firms that potentially hire our SOM and Global Supply Chain Management graduates will be present. This is an excellent opportunity for company representatives and students to meet and network.

Prior to the dinner, company representatives will have an option to make a 7-minute presentation about their firms and the job opportunities they offer in the SOM and SCM fields. Following the presentations, there will be a social/networking hour, then a complimentary dinner will be served and a short awards ceremony concludes the evening. At the ceremony, we will honor our best students and announce the winners of this year's ASQ, APICS, and SOM Department scholarships. Here is a tentative schedule of the event.

6:00 to 7:15 pm – Company Presentations

7:15 to 8:15 pm – Social Hour/ Networking (snacks will be served)

8:15 to 9:30 pm – Dinner and Presentation of Student Awards

Please send me your email by **Friday, April 14** whether you can (1) attend the dinner and/or (2) give a 7-minute presentation and staff a table. Please also indicate your dinner choice: salmon, chicken, or vegetarian. We look forward to hearing from you soon.

We hope to see you at the wonderful event on April 20!

Seung K. Paik
Professor
Department of Systems and Operations Management
David Nazarian College of Business and Economics
California State University, Northridge
